

ALLEGHENY COUNTY COALITION FOR RECOVERY
Education Committee:
Minutes

May 15, 2018

Co-Chair(s): K.P.; Tacia Brentley

Note taker: Not present

Attendees: Jennifer; Marrisa; Jon; Lillie

Brief Announcements:

Agenda Item: Recovery 101

Committee Goal Being Addressed:

Discussion:

In the co-chair conference call earlier in the month, it was suggested and agreed to complete Recovery 101 as a group/committee vs the co-chairs doing it themselves. It has always been a product of the entire group which is felt to be valuable.

We had a low attendance due to the CSP Picnic. Bill also was not so there was no projector for us to finish working on Recovery 101.

Agenda Item: Future for Education Committee

Committee Goal Being Addressed:

Discussion:

- We discussed the possibility for those who may want to step into a co-chair position
 - We discussed previous committee projects to send to Paul. We noted that in the 2 years we've been working on Recovery 101 we have either collaborated or completed other projects during that time.
 - We spoke about the committees' participation/sponsorship of the VP2 CEC day on May 23
 - We discussed possible future projects including the possibility of taking over VP2
-
