Brief Announcements:

Agenda Item: Mental Health Forum

Committee Goal Being Addressed:

Discussion:

Meeting started at 4:45

Group went over duties for the Mental Health Forum being presented this evening. We all agreed to note during the forum what we may want to do differently for the forum in September on opioids for National Recovery Month.

We agreed that we need to enhance our social media presence.

Ricky Moody agreed to be Provider Chairperson of the committee.

We discussed that not all ACCR committees agree that a camera is needed. The group was in consensus that it would be unrealistic to have someone use their telephone to record events. We cited the many issues with that--using someone's data, the camera phone operator would have to be extremely steady and would most likely be uncomfortable and miss out on the event. We will look into getting a camera and a tripod.

Charlene will speak with Richard to find out if he's still interested in being the support person for the committee. If so, the committee will review the duties to make sure Richard or whomever agrees to be the support person can adequately do them.

The meeting adjourned at 5:50 so that we could prepare for the forum; we adjourned from the forum at 9:05 p.m.
